Dear Mr. Staments:

Enclosed are copies of our correspondence with El Paso concerning the purchase of casinghead gas from the above captioned lease. As shown by our letter of July 1, 1959 we have signed and returned to El Paso a casinghead gas contract covering the lease and are now in the process of acquiring the necessary certificates from the Federal Power Commission.

El Paso expects to have their lines laid and a connection furnished within sixty days.

We, therefore, request a No Flare Order for the J. W. Starr #3 Martha Forrest, Unit I, Section 23, T-25-S, R-36-E, Jalmat Extension, Lea County, New Mexico, for a sixty day period beginning July 1, 1959.

Yours very truly,

J. W. STARR
