Gentlemen:

Records on file in this office indicate that your company is the operator of the M. Forrist No. 1 in Unit L of Section 24, T-25-S, R-36-E, Jalmat Pool. However, information furnished this office indicates that a Mr. Johnny Starr, 403 Midland Tower, Midland, Texas has purchased this property.

If a transfer has been executed, this office has no record of such a change in ownership, and your company is still considered the operator. A letter from your office clarifying this matter will enable us to take appropriate action.

Yours very truly,

OIL CONSERVATION COMMISSION
