

NEW MEXICO STATE LAND OFFICE
OFFICE OF THE STATE GEOLOGIST
SANTA FE, NEW MEXICO

MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas Inspector if possible.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF SHOOTING WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF WATER SHUT-OFF	<input checked="" type="checkbox"/>	REPORT ON REPAIRING WELL	
REPORT ON RESULT OF ABANDONMENT OF WELL			

4-30-34

Mr. Mr. E. H. Wells State Geologist,

PLACE

DATE

Santa Fe, N. Mex.

Following is a report on the work done and the results obtained under the heading noted above at the

Barnsdall Oil Co. Well No. 1 in the
COMPANY OR OPERATOR LEASE
SW 1/4 of Sec. 24, T. 25, R. 36, N. M. P. M.,
Jal Oil Field, Jen County.

The dates of this work were as follows: 4-30-34

Notice of intention to do the work was (was not) submitted on Form SG _____ on _____, 19____, and approval of the proposed plan was (was not) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

After the well had been drilled deeper by using a spudding Machine the measurement showed 3330' or 10' deeper.

At this depth there was a small show of Sulphur water that was shut off by driving 625' of lead wool making a plug 6'.

The total depth now of the well is 3324'. The water shows approx. 1 gal. per 24 hours after the plug had been drove, this was the same amount of water that the well produced before drill deeper and may be coming in from the porous formation and will exhaust in time.

Subscribed and sworn to before me this

11th day of May, 1934.

John A. Stewart

NOTARY PUBLIC.

My commission expires

June 26, 1937

I hereby swear or affirm that the information given above is true and correct.
