Carlsbad, New Mexico

Dear Sir:

Please find enclosed report on beginning of operations covering our Wm. Lindley A-4 which we failed to mail to your office.

Regarding the application for pipe line connection, form SG-109. This is to advise that we have never prepared an application for pipe line connection on wells in the State of New Mexico with the exception of State owned and Federal owned properties. According to the pamphlet we have it is not necessary to issue requests on the balance of the producing wells.

Yours very truly
