Subject: Application for Non-Standard Gas
Proration Unit for
STANDARD PRODUCTION COMPANY
Brown No. 1, Jalmat Gas Pool

Mr. A. L. Porter, Jr., Secretary-Director
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Sir:

Under the provisions of Commission Order No. R-520, Rule 5(b) Special Rules
and Regulations for the Jalmat Gas Pool, delegating the Secretary of the Com-
mission authority to grant exceptions to the requirements of Rule 5(a) with-
out notice and hearing for a non-standard gas proration unit, Standard Produc-
tion Company applies for an exception to the rule for the Brown No. 1.

In support of the application, we present the following:

1. Original and two copies of the application with plat showing the pro-
   posed unit of 120 contiguous acres, consisting of the N/2 of the NW/4
   and the SE/4 of the NW/4 of Section 25 Township 25 South Range 36 East,
   NMPM, Lea County, New Mexico. Offset ownerships and the unit well, lo-
   cated 1980' from the north line and 2310' from the west line of said
   section 25 are shown.

2. The entire proposed non-standard gas proration unit may reasonably be
   presumed to be gas productive, lies wholly within a single governmental
   section and is within the horizontal limits of the Jalmat Gas Pool. Nei-
   ther the length or width of the proposed unit exceeds 5280'.

3. By copy of this application, all owners having interest in the section
   in which the proposed unit is situated and which acreage is not included
   in the unit, and all operators having interest within 1500' of the unit
   well have been notified by registered mail.

Yours very truly,

OIL REPORTS AND GAS SERVICES
