To Monica Romero

Dorothea with Maralo has advised us that they have received notice to conduct an annual shut in pressure test on the Humble State #1-G and #3-A, both in Section 36, Township 25 South, Range 36 East.

Well No. 3 was plugged in 1988 and the location released in 1989. Well No. 1 was converted to salt water disposal in 1968, and sold to Hal J. Rasmussen Operating Inc. in 1994.

Enclosed, please find the plugging report on #3 and the C-104 transferring the #1 to Rasmussen as a salt water disposal well, to confirm they are no longer gas wells, and enable you to remove them from the list of wells for the annual tests.

Thanks for your help!!!!
