RE: COOPER JAL UNIT Well #117  
Unit N, Sec 18, T24S, R37E  
Recompletion from Langlie Mattix SR-Qn-GB  
to Jalmat T-Y-SR Gas

Gentlemen:

According to our records the above-referenced well was recompleted from the Langlie Mattix Pool to the Jalmat Pool and the test indicates the well is a gas well in the Jalmat Pool.

You will need to get a non-standard proration unit approved for the well. I believe the SE/4 of this section is currently dedicated to Cooper Jal Unit #244-J.

Your prompt attention to this matter will be appreciated.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I

ed

*Need to reclassify to gas when NSP taken care of.*
