* Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest has been filed, it shall be by the Santa Fe office, the application will then be processed.

NOTE: If the proposed multiple completion will result in an unusual well being drilled or a non-standard production unit in either or both of the producing zones, then a pre-drilling application shall be filed simultaneously with this application.
