Attention: Mr. R. F. Montgomery

Gentlemen:

We forwarded last week forms C-122 and C-122-C for our Jack A-21 No. 1 well recently worked over. It is our understanding that it is permissible to use the final flow rate on a 4-point test for the deliverability test. Form C-104 on this well was filed earlier. We should appreciate your adoption of the revised deliverability for allowable purposes 45 days prior to filing form C-122-C or C-104 whichever is appropriate under the applicable rules.

Yours very truly,

J. R. Parker
District Superintendent
of Production
Eunice District
