Re: Intention to P&A
Langlie Mattix Unit #9

Gentlemen:

We are returning unapproved your notice of intention to plug your Langlie Mattix Unit Well #9-E in Section 23, T24S, R37E, Lea County, New Mexico.

Our records show this well was an injection well and the Langlie Mattix zone has not been isolated which must be done on abandonment. If our records are not correct, please show the present wellbore condition.

Also, all plugs will be required to be spotted through tubing. Please resubmit your notice of intention to plug the above captioned well reflecting the above listed requirements.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
