LITIE WOOLWORTH WELL NO. 3 - MATTIX POOL, LEA COUNTY Aug. 28, 1947
Place Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the _____
Weier Drilling Company, Litie Woolworth Well No. 3 in SW SW
Company or Operator Lease
of Sec. 28, T. 24E S, R. 37 E, N. M. P. M., Mattix Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK
FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We would like to plug back from 3588' (Total depth of hole) to 3127' and shoot out for the purpose of making a producing gas well, between 3000' and 3100' as this well doesn't produce any oil any more and we can use the gas in operating the lease and whatever excess there is the El Paso Natural Gas Company will take.

Will run tubing to 3500' and circulate the hole to the top with heavy mud. Then raise tubing to 3250' and pump in 40 sx. cement which will raise the cement up in the 7" pipe to 100'. Then Bail hole dry to see that cement job has all other gas and oils shut off.
