Mr. Kenneth N. Gordon El Paso Natural Gas Co. Box 1384 Jal, New Mexico

Dear Mr. Gordon:

The attached Notice of Gas Connection is being returned for clarification. Our records indicate that in addition to the Well No. 2 there are two other wells on this lease producing from the Jalmat plug one Langlie Mattix oil well, which could be producing through a common meter run. The date we desire as the connection date would be the date that a new meter was installed for Well No. 2 only. Also, I might point out that our records never reflect that Well No. 2 was a Langlie Mattix oil well.

Yours very truly,

OIL CONSERVATION COMMISSION
