17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Production from the Queen formation has declined to 1 barrel of oil per day, making it uneconomical to operate. We temporarily abandoned this well September 1, 1969, by shutting it in and plan to hold it until such time as it is included in the Langlie Jal Unit which is to be operated by Union of Texas Petroleum Corporation.
