17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This is a dual oil (Langlie-Mattix) and gas (Jalmat) well. As production has declined to 1 barrel of oil per day and it is not profitable to operate, we temporarily abandoned this zone September 1, 1969, by shutting it in until such time as it is included in the Langlie Jal Unit to be operated by Union of Texas Petroleum Corporation.
