

NEW MEXICO OIL CONSERVATION COMMISSION  
Santa Fe, New Mexico

**DUPLICATE**

MISCELLANEOUS REPORTS ON WELL

Submit this duplicate to the Oil Conservation Commission or its proper agent within ten days after the specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

|  |                                     |  |  |
|--|-------------------------------------|--|--|
| REPORT ON BEGINNING DRILLING OPERATIONS                    | <input checked="" type="checkbox"/> | REPORT ON REPAIRING WELL                       |  |
| REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL |                                     | REPORT ON PULLING OR OTHERWISE ALTERING CASING |  |
| REPORT ON RESULT OF TEST OF CASING SHUT-OFF                |                                     | REPORT ON DEEPENING WELL                       |  |
| REPORT ON RESULT OF PLUGGING OF WELL                       |                                     |  |  |

Hobbs, New Mexico, Feb. 23, 1940

Remarks:

Ray Garbrough  
Name  
OIL & GAS INSPECTOR  
Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for a systematic approach to data collection and the importance of using reliable and valid measurement instruments.

3. The third part of the document describes the process of data analysis and interpretation. It discusses the various statistical techniques used to analyze the data and the importance of interpreting the results in the context of the research objectives.

4. The fourth part of the document discusses the importance of reporting the results of the research. It emphasizes that the results should be presented in a clear and concise manner, using appropriate visual aids to enhance the understanding of the findings.

5. The fifth part of the document discusses the importance of drawing conclusions from the research. It emphasizes that the conclusions should be based on the evidence presented in the data and should be consistent with the research objectives.

6. The sixth part of the document discusses the importance of evaluating the research. It emphasizes that the research should be evaluated in terms of its validity, reliability, and generalizability, and that the results should be used to inform future research and practice.

7. The seventh part of the document discusses the importance of ethical considerations in research. It emphasizes that researchers must adhere to ethical principles and standards, and that the results of the research should be used in a responsible and ethical manner.

8. The eighth part of the document discusses the importance of communication in research. It emphasizes that researchers must effectively communicate their findings to a wide range of stakeholders, including colleagues, students, and the public.

9. The ninth part of the document discusses the importance of collaboration in research. It emphasizes that researchers must work together in a collaborative manner, sharing resources and expertise to advance the field of study.

10. The tenth part of the document discusses the importance of reflection in research. It emphasizes that researchers must reflect on their own work and the work of others, and that this reflection should be used to improve the quality of the research and to advance the field of study.
