

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

THEORY OF THE EARTH AND ITS HISTORY

CHAPTER I. OF THE ORIGIN OF THE EARTH

THE first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, out of nothing, in the beginning of time.

It is not necessary to suppose, that the earth was created out of chaos, or out of a state of confusion, but that it was created out of nothing, and in a state of perfect order.

The first day of creation was a day of light, and the second day was a day of darkness. The third day was a day of light, and the fourth day was a day of darkness. The fifth day was a day of light, and the sixth day was a day of darkness.

The seventh day was a day of rest, and the eighth day was a day of light. The ninth day was a day of darkness, and the tenth day was a day of light. The eleventh day was a day of darkness, and the twelfth day was a day of light.

The thirteenth day was a day of darkness, and the fourteenth day was a day of light. The fifteenth day was a day of darkness, and the sixteenth day was a day of light. The seventeenth day was a day of darkness, and the eighteenth day was a day of light.

The nineteenth day was a day of darkness, and the twentieth day was a day of light. The twenty-first day was a day of darkness, and the twenty-second day was a day of light. The twenty-third day was a day of darkness, and the twenty-fourth day was a day of light.

The twenty-fifth day was a day of darkness, and the twenty-sixth day was a day of light. The twenty-seventh day was a day of darkness, and the twenty-eighth day was a day of light. The twenty-ninth day was a day of darkness, and the thirtieth day was a day of light.

The thirty-first day was a day of darkness, and the thirty-second day was a day of light. The thirty-third day was a day of darkness, and the thirty-fourth day was a day of light. The thirty-fifth day was a day of darkness, and the thirty-sixth day was a day of light.

The thirty-seventh day was a day of darkness, and the thirty-eighth day was a day of light. The thirty-ninth day was a day of darkness, and the fortieth day was a day of light. The forty-first day was a day of darkness, and the forty-second day was a day of light.

The forty-third day was a day of darkness, and the forty-fourth day was a day of light. The forty-fifth day was a day of darkness, and the forty-sixth day was a day of light. The forty-seventh day was a day of darkness, and the forty-eighth day was a day of light.

The forty-ninth day was a day of darkness, and the fiftieth day was a day of light. The fifty-first day was a day of darkness, and the fifty-second day was a day of light. The fifty-third day was a day of darkness, and the fifty-fourth day was a day of light.

The fifty-fifth day was a day of darkness, and the fifty-sixth day was a day of light. The fifty-seventh day was a day of darkness, and the fifty-eighth day was a day of light. The fifty-ninth day was a day of darkness, and the sixtieth day was a day of light.

The sixty-first day was a day of darkness, and the sixty-second day was a day of light. The sixty-third day was a day of darkness, and the sixty-fourth day was a day of light. The sixty-fifth day was a day of darkness, and the sixty-sixth day was a day of light.
