Dear Mrs. Simon:

We have received notification from El Paso Natural Gas Co. that they have disconnected your Woolworth Well No. 1 located in Unit K of Section 33, T-24-S, R-37-E, Lea County, New Mexico because the well is plugged and abandoned. We do not, however, have anything in our records indicating that the well has been plugged.

If the well is plugged and abandoned, please submit Commission Form C-103 showing where the plugs were set and when the work was done. If the well is not plugged, please file Form C-103 showing the present status.

Yours very truly,

OIL CONSERVATION COMMISSION
