THE HISTORY OF THE UNITED STATES

OF THE

AMERICAN PEOPLE

The history of the United States is a story of the growth of a great nation from a small group of colonies. It is a story of the struggles of the people to establish a government of their own, and of the triumphs of the American spirit.

THE FOUNDING OF THE NATION

The first step in the history of the United States was the establishment of the colonies. The first colony was founded in 1607, and by 1776 there were thirteen colonies. The colonies were founded by people who had come to America for a better life, and they had brought with them the ideas of the English people.
