11. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Please cancel Notice of Intention dated September 23, 1965, and approved September 27, 1965.

It is proposed to abandon Ellenburger and McKee formations and make well a single oil producer from the presently completed Fusselman formation as follows:

Abandon Ellenburger by setting a Baker DR anchor type plug in Model D packer at 8400'. Dump 2 sacks of cement on plug with bailer. Abandon McKee by setting cast iron bridge plug at 7970' and dumping 2 sacks on top with bailer. Rerun Fusselman tbg. and pump, change out tubing head for single completion.

Work estimated to start 10-4-65.

The Ellenburger formation has been temporarily abandoned. The McKee formation produced 6 BOPD in August, 1965, and is not economical to produce.

I, I hereby certify that the information above is true and complete to the best of my knowledge and belief.
