W. W. Whitaker Signature Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oi. Conservation * Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.

NOTE: If the proposed dual completion will result in an unorthodox well location and/or a non-standard protation unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
