Gentlemen:

Attached hereto please find Commission Form C-104 covering the Justis Tubb Drinkard completion on your Hodges "B" No. 4. This is being returned in order that you may fill out the portion of the form covering the volume of oil produced during your completion test.

Under the "Tubing and Casing Record" you show that 3/4" tubing was run to a depth of 6109'. Would you please check your records to confirm this tubing size.

Yours very truly,
