17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well has been temporarily abandoned since approximately 1963. Oil Development Company of Texas plans to attempt re-completion of the Carlson B-1 No. 2 and to use information obtained to determine the chances of a successful workover on the subject well. The workover on the Carlson B-1 No.2 is pending FEA approval on a price increase request.

An extension to our permit to temporarily abandon the subject well is requested so that we may evaluate our workover of the Carlson B-1 No.2.

The permit of temporary abandonment on the subject well expires April 1, 1978.

This approval of temporary  
abandonment expires 4-1-78
