Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by the local Federal and/or State office. Consult local Federal requirements.

Item 1: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements.

Item 2: Federal office for specific instructions.

Item 3: Proposals to abandon a well and subsequent reports of abandonment should include reasons for the abandonment; data on any present productive zone or other zones with present significant potential; and method of placement of cement plugs; and or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site contained for final inspection looking to approval of the abandonment.
