testing valves above the ground & filling w/sand.

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The surface and intermediate csg. valves located in the cellar were removed, a 2" riser installed and the valves relocated above the ground. Both of the valves are marked as to which casing string they service and the cellar has been filled with sand

Inspected by Nathan Clegg w/NMOCC.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
