17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Dug out cellar and found that when this well was plugged in 1936 by Plains Production Company the 8-5/8" stub was not present in the wellhead. This would make the possible red beds section open and was deemed inadvisable to re-enter this well. The cellar was filled back in to original contour and dry hole maker replaced. We are now preparing to file for location and dig a new well on this tract.
