The present status of this well is temporarily abandoned.

This well was shut in August 1, 1975. The subject well is not needed at this time to obtain the waterflood response desired. Remedial work will be performed on this well and its offset wells to obtain the desired results.

The subject well will be held in a temporarily abandoned status pending an Engineering study to determine and perform the remedial work needed.

This approval of temporary
abandonment expires 9-1-78
