Attention: Mr. Jim Warren

Gentlemen:

The latest gas-oil ratio on your Woolworth Well No. 5-M, Section 8, T-25-S, R-37-E, Jalmat Pool, was 115,800 to 1. Since this is in excess of 100,000 to 1, it will be necessary to comply with the provisions of Order R-520 in applying for a non-standard gas proration unit. This well will remain on the oil schedule for July and August which should be sufficient time to obtain an NSP Order.

Yours very truly,

OIL CONSERVATION COMMISSION
