Mr. F. G. Gish  
Repollo Oil Company  
Box 1990  
Fort Worth, Texas

Dear Mr. Gish:

I am returning herewith form C-102, "Notice of Intention to Change Plans" for your Frances Stuart "A" No. 1, in Sec. 10, T. 25 S., R. 37 E., unapproved, as I stated in my letter of July 13th, "some provision must be taken to protect the surface waters, as it is my understanding that this well had a hole full of water at 65' and a hole full of water at 375'".

As you undoubtedly know, the rules and regulations of the Oil Conservation Commission require that all waters be confined to the strata into which they were originally contained. If the 12" casing can be set 15' into the red beds and cemented to the surface, I can then approve this Notice of Intention to Change plans.

With highest personal regards, I am

Very truly yours,
