

OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

Miscellaneous Reports on Wells

APR 27 1950

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

The first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, and that it was created out of nothing.

The second question which presents itself to the mind is, what was the state of the earth at the first?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The third question which presents itself to the mind is, what was the state of the earth at the second?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The fourth question which presents itself to the mind is, what was the state of the earth at the third?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The fifth question which presents itself to the mind is, what was the state of the earth at the fourth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The sixth question which presents itself to the mind is, what was the state of the earth at the fifth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The seventh question which presents itself to the mind is, what was the state of the earth at the sixth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The eighth question which presents itself to the mind is, what was the state of the earth at the seventh?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The ninth question which presents itself to the mind is, what was the state of the earth at the eighth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The tenth question which presents itself to the mind is, what was the state of the earth at the ninth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The eleventh question which presents itself to the mind is, what was the state of the earth at the tenth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The twelfth question which presents itself to the mind is, what was the state of the earth at the eleventh?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.

The thirteenth question which presents itself to the mind is, what was the state of the earth at the twelfth?

The answer to this question is, that it was in a state of confusion and darkness, and that it was covered with a deep sea.
