LOG OF OIL OR GAS WELL

[illegible]

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reason for the work and the results. Also state the date and the amount of material made in the casing, and the date and amount of material used, position, and results of pumping tests. If pigs or bridges were put in to test for water, state kind of material used, position, and results of pumping tests. If a packer or plug was set in the well, give the date, location, and results of the test. If the well has been dynamited, give date, size, position, and results of the test. If the well has been abandoned, give the date and reason for abandonment. If the well has been abandoned, give the date and reason for abandonment.

HISTORY OF OIL OR GAS WELL

PLANNING AND CEMENTING RECORD

Case No.	Where set	Number of cement	Method used	Findings	Amount of mud used
12	10-11-12	10	10		

PLUGS AND ADAPTERS

Adapters—Material	Weight	Depth cut
Bearing plug—Material	Weight	Depth cut

SHOOTING RECORD

[illegible]

TOOLS USED

Rotary tools were used from	feet to	feet and from	feet to
feet to	feet and from	feet to	feet

DATE

It was well run at 24 hours	% water; and % sediment.	The production for the first 24 hours was	Barrel of fluid of which % was oil; % was producing	Gallons gasoline per 1,000 cu. ft. of gas	Gravity, °Bé.
