POST OFFICE BOX 1980  
HOBBS, NEW MEXICO 88240  
(505) 393-6161

El Paso Natural Gas Company  
600 Bldg. of the Southwest  
Midland, Texas 79701

Attention Mr. C. C. Goodwin

Gentlemen:

Due to the recently submitted gas-oil ratio test for your Langlie "A" Federal Well No. 1 located in Unit J of Section 17, T-25-S, R-37-E, the well will be reclassified from oil to gas in the Jalmat Pool effective September 1, 1981, and the oil allowable will be cancelled that date. Please advise this office when you have complied with the provisions of Division Order No. R-1670 pertaining to the Jalmat Pool in order that a gas allowable can be assigned.

The gas-oil ratio test for the Whitten well No. 1 located in Unit A of Section 33, T-23-S, R-36-E, indicates that it should be reclassified from gas to oil in the Jalmat Pool, and this reclassification will also be effective September 1, 1981. Please submit two copies of a revised Form C-102 outlining a 40 acre dedication as an oil well.

In the event that a change of transporter occurs as a result of these reclassifications, it will be necessary for you to submit Form C-104 so indicating for each well involved.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District 1
