17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was shut in and temporarily abandoned November 16, 1970. The well is located within the boundaries of the South Langlie Jal Unit waterflood project which we operate. We are retaining this well for possible deepening to the waterflood zone.

It is requested that plugging of this well be delayed at least two years since the well has potential value to the South Langlie Jal Unit waterflood project.
