In Re: NM-303 Harner #1

Attn: Mr. Joe D. Ramey

Gentlemen:

Received your letter of April 21st addressed to our office in Jal, New Mexico wherein you are requesting form C-104, C-110, C-128 and C-116. This well was recompleted with a considerable amount of frac oil and load oil and at this time we are still recovering same. Do you prefer we wait until the load oil has been recovered or would you prefer we submit these forms at once stating on same that we are recovering load oil.

I tried to contact you by phone pertaining to this, but was told you were gone on vacation for the rest of this week. If there is an emergency to these forms please give me a call on your return.

Yours very truly,

JAL OIL COMPANY, INC.
