It requested it be excluded from the Operating Agreement as it was Mr. A. L. Cashman's thought that it may lease its acreage to me instead of participating in the unit. However, in the event it should decide later to participate, I have been assured that a letter or telegram to that effect will be forwarded to you.

I believe the above will enable you to release the location so I may proceed to move in at once. Again let me express my appreciate for your whole-hearted cooperation.
