Hobbs, New Mexico

In Re: Eva Owens No. 1, Located
in S/2 SW/4 Sec. 21-25S-37E

Dear Sir:

The following forms will complete your files on the above well: C-102 - Surface Casing, C-102 - Oil String, and an approved copy of C-103 on oil string. There has been a change in operators since the well was completed and a C-110 will show this. Also, the well has made no oil since being hooked up to El Paso Natural Gas Company's line. Therefore, it will not be necessary to give an oil allowable on the well. Please cancel the C-110 in your office.

Very truly yours,

OLSEN BLOUNT OIL CO.
