Re: Reclassification Lanehart #1-A

Dear Mr. Leonard:

We received in this office on April 11 Form C-116 on your Leonard Lanehart #1-A in Unit G of Section 21-25-37, Jalmat Pool, which reflects a Gas Oil Ratio of 270,364 to 1. In accordance with Commission Order No. R-520, it will be necessary for us to reclassify this well as a gas well in the Jalmat gas pool. In order to keep from shutting in this well, it will remain on the oil proration schedule through the months of April and May. This should give you time to apply for a non-standard gas proration unit and file the appropriate forms necessary to place the well on the gas proration schedule.

Yours very truly,

OIL CONSERVATION COMMISSION
