OIL CONSERVATION COMMISSION,
 Santa Fe, New Mexico.

Gentlemen:

Following is a report on the work done and the results obtained under the heading noted above at the Ajax Drilling Corp. - Anderson-Prichard Oil Corp. Lenhart Well No. 1 in the C NE NW SW of Sec. 21, T. 25S, R. 37E, N. M. P. M., Langlie Field, Lea County.

The dates of this work were as follows: 7-28-37

Notice of intention to do the work was ~~received~~ submitted on Form C-102 on 7-22- 1937 and approval of the proposed plan was ~~received~~ obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

TD 2820'. 7" OD - 20# API Grade C Seamless Casing cemented at 2820' was tested ~~XXX~~ before drilling out cement plug by bailing hole dry and allowing it to stand 2 hours. Hole was dry at end of two hour shut down. Witnessed by J. M. Owen. Gas was encountered immediately after drilling through shoe so no pressure or bailing test was made. Casing held 1200# shut in gas pressure OK.

Witnessed by J. M. Owen Name

Title

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. The document also outlines the procedures for recording transactions, including the use of standardized forms and the requirement for double-checking entries.

The second part of the document addresses the issue of budgeting and financial planning. It states that a well-defined budget is crucial for the successful execution of the organization's goals. The document provides guidelines for developing a budget, including the identification of key areas of expenditure and the establishment of realistic targets.

The third part of the document focuses on the management of resources. It highlights the need for efficient allocation and utilization of resources to ensure the organization's long-term sustainability. The document also discusses the importance of regular monitoring and evaluation of resource usage to identify areas for improvement.

The fourth part of the document deals with the issue of risk management. It explains that identifying and mitigating risks is a critical component of any organization's strategy. The document provides a framework for assessing risks, including the identification of potential threats and the implementation of preventive measures.

The fifth part of the document discusses the importance of communication and collaboration. It states that effective communication is essential for the coordination of activities and the achievement of common goals. The document also emphasizes the need for a collaborative work environment where team members can share ideas and support each other.

The sixth part of the document focuses on the issue of quality management. It explains that maintaining high standards of quality is crucial for the organization's reputation and the satisfaction of its stakeholders. The document provides guidelines for implementing a quality management system, including the establishment of quality standards and the use of statistical process control.

The seventh part of the document discusses the importance of innovation and continuous improvement. It states that innovation is a key driver of growth and competitive advantage. The document also emphasizes the need for a culture of continuous improvement where employees are encouraged to seek out and implement new ideas.

The eighth part of the document deals with the issue of legal and ethical considerations. It explains that organizations must operate within the bounds of the law and adhere to ethical principles. The document provides guidelines for ensuring legal compliance and ethical behavior, including the implementation of a code of ethics and the establishment of a legal review process.

The ninth part of the document discusses the importance of environmental sustainability. It states that organizations have a responsibility to minimize their environmental impact and promote sustainable practices. The document provides guidelines for implementing an environmental management system, including the identification of environmental risks and the implementation of measures to reduce emissions.

The tenth part of the document focuses on the issue of human resources management. It explains that effective management of human resources is crucial for the organization's success. The document provides guidelines for recruiting, training, and retaining talent, including the implementation of a performance management system and the establishment of a career development program.
