Lea County, New Mexico.

Dear Sir:

In connection with the drilling of the above well, we wrote you under April 19 enclosing an obsolete form of "Notice of Intention to Drill a New Well). Under date of April 21st you replied advising us to use your Form C-101, and requesting that we send same in triplicate to the office of the Oil Conservation Commission at Hobbs, New Mexico, for their approval.

Under date of April 26th we forwarded notice of intention to drill in triplicate on your Form C-101 to your office at Santa Fe instead of to Hobbs.

Our file does not contain an approved copy, and as such we shall appreciate knowing whether these forms were received and approved and forwarded to us, - if so the fact remains that we do not have an approved copy, and in order that our files may be complete we respectfully request that you advise us in this connection at your early convenience.

Very truly yours,
