Gentlemen:

In checking our records, we find that we have a well file for Anderson Prichard Oil, Indian Well #1 located 660/S & 660/W of Section 22, T25S, R37E, Las Cruces lease #032579(c), but we have no record that this well has been plugged.

Please check your records and advise status of this well. If the well has been plugged, we would appreciate receiving a copy of the plugging report.

Thank you for your attention to this request.

Very truly yours,
