17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Killed well, found hole @ 488'. Circulated through hole and bradenhead to surface. Set temporary bridge plug @ 2500'. Squeezed hole in pipe with 100 sx of Class C cement. Waited on cement 24 hours. Drilled out 60' of cement in pipe. Tested hole with 1000# for five minutes. No leak off. Pulled bridge plug. Ran tubing and put well back on production as Langlie-Mattix gas well.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Recently this well started making a small amount of fresh water with gas indicating a hole in pipe somewhere below the depth of approximately 500'. Prepare to patch this hole by setting retainer below and squeezing and circulating cement to the surface. Request permission to do this remedial work.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well has logged off and is making water with Queen gas. Prep to put well on pump to pump water off to see if we can return this well to productive status.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
