Leander Drilling Company
Trinity Life Building
Fort Worth, Texas

Gentlemen: Attention: Mr. H. A. Eppenger

You will find enclosed herewith approved copies of form C-101, "Notice of Intention to Drill" and form C-103, "Report on Beginning of Drilling Operations" for your Stewart Well No. 1, in Sec. 22, T. 25 S., R. 37 E. These are for your files.

I am returning forms C-102, "Notice of Intention to Test Casing Shut-off" for both the 15" and the 8 5/8" casings for additional information. Please state where the pipe was set and the number of sacks of cement used. Also, I am returning forms C-103, "Report on Result of Test of Casing Shut-off" for both the 15" and the 8 5/8" casings. Kindly state the method used to test the shut-off. See pages 7 and 8 of Circular #2 of the Oil Conservation Commission.

Also, in the future, kindly have a disinterested party witness the tests instead of one of your company men, preferably an off-set operator.

Very truly yours,

FJV:t

Encls.

F. J. Vesely,
State Oil & Gas Inspector.
