Re: Lease Las Cruces 032579(a)

Gentlemen:

We have your "Notice of Intention to Abandon" your C. K. Carlson "Harrison" well No. 5 dated July 26, 1943, on the subject land in the SW $\frac{1}{4}$ sec. 23, T. 25 S., R. 37 E.

The attached notice is approved on the condition that a "Subsequent Report of Abandonment" giving complete details will be submitted to this office within 15 days after completion.

It will be necessary that the cement plug at 2275-2350 feet be allowed to set a minimum of 72 hours and then bailed dry. It will also be necessary that the adequacy of the plug be tested by representatives of this office before again continuing plugging operations. Kindly advise this office sufficiently in advance so the arrangements may be made to witness the above cement plug for hardness.

Very truly yours,

JOHN A. BARNETT,
District Engineer.
