OIL CONSERVATION COMMISSION  
SANTA FE, NEW MEXICO

Hobbs, New Mexico  
(Place)

2-4-57  
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the.....

Cities Service Oil Company Dabbs Well No. 2 in E  
(Company or Operator) (Unit)  
SW SW 1/4 NW 1/4 of Sec. 23, T. 25, R. 37, NMPM., Langlie Mattix Pool  
(40-acre Subdivision)  
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK  
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

It is proposed to sand oil-frac this well with 20,000 pounds of sand and 20,000 gallons lease crude. This well produced 3 barrel of oil and no water with a GOR of 55224 on a recent test. It is believed that the performance of this work will increase oil production to top allowable with a decrease in the GOR to less than 10,000 which is the limiting GOR for the pool. This assumption is based on results obtained by another operator in this area who sand-oil fraced a well with excellent results.
