Unit F, Sec. 23, T-25-S, R-37-E

Dear Mr. Bihn:

Mr. Paul Kautz, Geologist in this office, concurs with your finding that the subject well is improperly classified as a gas well in the Jalmat Gas Pool, and that it should be classified in the Langlie Mattix Oil Pool as either a gas well or an oil well depending upon the gas-oil ratio.

In order that this change can be made, it will be necessary for you, or your Hobbs office, to submit Form C-116 showing a current gas-oil ratio, two copies of a revised Form C-102 outlining a 40 acre dedication in the Langlie Mattix Pool, and Form C-104 indicating the change in pool designation.

Yours very truly,

OIL CONSERVATION DIVISION
