

NEW MEXICO OIL CONSERVATION COMMISSION Santa Fe, New Mexico

RECEIVED
APR 1 - 1943
FILED

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

THEORY OF THE EARTH

The theory of the earth is a branch of geology which deals with the origin and development of the earth and its various parts. It is a science which seeks to explain the processes which have shaped the earth and its various parts.

THE EARTH'S CRUST

THE CRUSTAL THICKNESS

THE CRUSTAL COMPOSITION

THE CRUSTAL STRUCTURE

THE CRUSTAL DEFORMATION

The crust is the outermost layer of the earth and is composed of various rocks and minerals. It is the layer which we live on and which we see around us.

THE EARTH'S MANTLE

THE MANTLE THICKNESS

THE MANTLE COMPOSITION

THE MANTLE STRUCTURE

THE MANTLE DEFORMATION

The mantle is the layer of the earth which lies below the crust. It is composed of various rocks and minerals and is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.

The mantle is the layer of the earth which is responsible for the heat of the earth. It is the layer which is responsible for the heat of the earth.
