FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We would appreciate approval to change our casing program on this well from that submitted on form C 101 dated January 19, 1943 to the following:

13" Casing at 207 feet cemented with 200 sacks.

Run 9 5/8" to approximately 3450 feet and cement with 400 sacks on bottom and 200 sacks at 1000 feet.

This would eliminate the running of 7" Casing at present time and also permit us to drill this well to a lower horizon at a future date.
