Re: Application to Dually Complete  
A. B. Coates "C" Well No. 22  
Justis Blinebry & Tubb-Drinkard  
Unit B, Sec. 24, T-25-S, R-37-E  
Lea County, New Mexico

Gentlemen:

Getty Oil Company respectfully requests Administrative Approval to dually complete its A. B. Coates "C" Well No. 22 in the Justis Blinebry and Tubb-Drinkard Zones.

This well is presently a Justis Blinebry single completion. It is proposed to perforate the Tubb Drinkard Zone (see attached schematic) and recompleate in such a manner that the Blinebry and Tubb-Drinkard can be produced through parallel strings of 2-3/8" tubing. A Baker Loc-Set Packer will separate the two zones.

Enclosed you will find the appropriate Commission Application Form, plat of the area, and a diagramatic sketch of the proposed dual installation.

Very truly yours,  
GETTY OIL COMPANY
