Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. Up after said twenty-day period, no protest not request for hearing is received by the Santa Fe office, the application will then be processed.

MOTE: If the proposed multiple completion will result in an anormodox well location and or a non-standard promition unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
