**Re: State "Y", Well No. 8
Justis (Drinkard) and Justis (Fusselman) Zones
La Brea County, New Mexico**

Gentlemen:

In order to comply with the Commission rule of a twenty-day waiting period on wells to be dually completed, we are on this the 30th day of June, 1959, sending to you, with copies of the lease plat and diagrammatic sketch, copies of an application to dually complete the above subject well. The logs on this well are not available, but will be furnished as soon as possible.

This well will be completed in the Drinkard and Fusselman zones and will be known as the State "Y" No. 8-UT (Justis Drinkard, Upper Tubing) and the State "Y" No. 8-LT (Justis Fusselman, Lower Tubing).

Very truly yours,

**ORIGINAL

- * Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.
- NOTE: If the proposed dual completion will result in an unorthodox well location and/or a non-standard proration unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
