

WESTATES PETROLEUM COMPANY

P. O. Box 1886 SS  
HOBBS, NEW MEXICO 88401

June 29, 1962  
1962 JUL 2 AM 8:31

Mr. Eric Engbrecht  
Oil Conservation Commission  
P. O. Box 2045  
Hobbs, New Mexico

Gentlemen:

Re-test of Westates Petroleum Company Carlson B 25 No. 2 annual packer leakage test, scheduled June 18, 1962 at 10:00 P. M. was completed June 21, 1962 at 4:00 P. M. Bottom hole pressures on both Blinbry and Tubb Zones as requested by the Oil Commission were also completed. The entire test was witnessed by your Mr. Les Clemmens. Both Packer Leakage Test and Bottom Hole Pressure tests were conducted by John West Engineering Company, Hobbs, New Mexico. The results of both tests are enclosed.

We trust that the results of these tests will meet with your approval.

Very truly yours,

L. E. Chaffin  
Production Superintendent
